At Bidaid, we like transparency so that you know exactly what you can expect of us. We provide you with our software free of charge, with no upfront costs. We also upload all of the products with detailed descriptions, high-quality images and logos as part of this service. Upon request, we can produce online marketing material for you.

Financially, we ensure that your charity always wins. All items in the online auction will have a reserve price. If the item has been sourced by BidAid, then we will take 90% of the reserve price with the remaining 10% slice going to your chosen charity. By cutting the charity into the reserve, we make sure that no matter the winning bid, you are raising money. The charity will receive *all* of the money above the reserve price, too.

Example

James Bond Daniel Craig Signed, mounted and framed print

Reserve £300

Winning bid £600

10% of the reserve = £30

£300 over the reserve

The charity will receive a total of **£330**

BIDAID

If you would like to include your own items in the online auction, then we are happy to accommodate you. BidAid will take 10% plus VAT of all winning bids, with the remaining 90% going to the charity. There is a £3,000.00 cap per auction on the total amount of profit BidAid will take from any items sold that are sourced by the charity. We know that sometimes it is difficult to have your items framed, and we are pleased to offer a premium framing service at a very competitive price. Please get in touch to discuss this further.

BIDAID

Our staff will handle the payments after the online auction has finished. We charge a flat 2% handling fee for each item that is purchased through our card machines. We will provide you with a spreadsheet of all the details of the winning bidders and their method of payment.

We offer a postage service and can include any items that you have sourced yourself. Please contact us in advance of your online auction to discuss this further.
